

From the desk of God

EVERYWHERE

October 10, 2011

Dear Office of Admissions:

I am very pleased to have this opportunity to recommend William Smith as an applicant for admission to your fine institution. I've known Bill since he was a zygote, and more important, I know what he is going to become. He's going to be big, very big! We're talking world leader here. He will be an inventor, an author, an artist... just a giant among men. Almost like a second son to me.

He's going to make a difference. Think Churchill, Galileo, Caesar, and Moses. Knew them all, and Bill will surpass them.

I will be following your acceptance process with great interest, but of course we both know the outcome.

Yours truly,

God

The Lord
